Faster than fairies, faster than witches,
Bridges and houses, hedges and ditches;
And charging along like troops in a battle,
All through the meadows the horses and cattle:
All of the sights in the hill and the plain
Fly as thick as driving rain;
And ever again, in the wink of an eye,
Painted stations whistle by.

Exhibitors are requested to have their Stock Policy Extended to Include Attendance at Show. All Animals MUST be Halter Trained.

DEPARTMENT OF AGRICULTURAL & FOOD

SPECIFIC REQUIREMENTS – CATTLE

TB

All animals must come from herds, which are not restricted, and the herd and relevant animals must have had a clear test within the previous 12 months. No pre-movement test is required for TB. However, it is recommended by the Department that a 30 day pre-movement test for TB should apply to all Shows.

Brucellosis

- (a) All animals must come from herds which are not restricted.
- (b) Certain animals (i.e females aged 18 months and over and bulls aged 24 months and over) must have passed a test for Brucellosis within the previous 60 days. However, these animals may move to any number of Shows within the validity period of the same 60 day pre-movement test. Where such an animal(s) is/are being shown repeatedly during successive 60 day validity periods, in the course of a show season, the animal(s) may be allowed to move on foot of Permit ER 36A during the expired portion of a valid test where the animal is under test for the next validity period and the identity card/passport is held by the DVO/practitioner.

Identification

All cattle must bear double plastic tags as issued under the Department's identification system. They must be accompanied by their passports (except in the circumstances outlined in the preceding sub-paragraph).

Bulls for A.I Stations

In addition to the T.B. and Brucellosis tests, bulls destined for A.I Stations must be tested for I.B.R. (Infectious Bovine Rhynotracheitis), E.B.L. (Enzootic Bovine Leukosis), B.V.D. (Bovine Virus Diarrhoea) and Johnes Disease, within 30 days prior to movement into such stations.

AIM Notification

The movement of Irish-registered cattle to and from an Agricultural Show within the State must be recorded on AIM using form CMMS 4 (available from local DVOs). Ultimate responsibility for fulfilling this requirement lies with the Show Secretary.

The keeper of the animal(s) should complete sections 2 and 3(a) of the CMMS 4 form while Section 3(b) should be completed by the Show Secretary. Completed forms should be sent to the District Veterinary Office in the county where the show is being held within 7 days of movement.

Imports from Northern Ireland

It is very important that any proposal to import cattle to a show is made known to the local District Veterinary Office well in advance so that consideration can be given to compliance with the requirements outlined below.

Premises

The Show premises at which the cattle will reside for the duration of their stay must either be an assembly centre approved for exports or of such a standard as being capable of being approved for such a purpose temporarily. A fundamental requirement for such premises is that they have surfaces that are capable of being cleaned and disinfected, and have adequate cleaning and disinfection facilities. Adequate segregation facilities may be required also (see under "Status of Animals" below)

Status of Animals

Cattle from Northern Ireland being moved to a show must be certified in accordance with the normal requirements for intra-community trade in breeding animals including having passed a T.B. test. (export interpretation) during the 30 days prior to export and a brucellosis test in the case of eligible animals (females and entire males over 12 months) during the 30 days prior to leaving the herd of origin.

To comply with eligibility requirements for re-importation into Northern Ireland after the show, cattle must not mix with any cattle of a lesser health status whilst at the show: (This can be achieved in one of two ways: (i) either the imported animals are kept segregated fully from other cattle at the show which have not been tested or (ii) all cattle attending the show must have been TB (export interpretation) within 30 days and all cattle from Northern Ireland attending the show must have been brucellosis tested within 30 days as set out above.

Documentation

Cattle imported to a show from Northern Ireland must be accompanied by an original breeding animal intra-trade health certificate (known as a TRACES certificate) and a passport for each animal. A TRACES message, corresponding with the TRACES certificate, will be sent for each animal or consignment being dispatched to the show (this will be performed by officials in the dispatching country). For the return journey, this original certificate must be endorsed by the signature of the official veterinarian of the Department at the show, together with the official stamp of the competent authority and date of endorsement. A TRACES message will be sent for the return journey also (this will be performed by Department Officials attending the show)

In addition a non-comminglement certificate must be issued by the official veterinarian for the show at or before return, stating that the animal shows no clinical signs of disease and has not been in contact, during its stay at the show/event, with animals of a lesser health status. The passport must accompany the animal on the return journey also.

The Show Secretary should complete a CMMS 5 form in respect of animals imported to take part in the show. The owner of the imported animal(s) is required to sign the form also when the animal arrives at the show and provide his/her herd number. Following the show, the

official veterinarian should complete the bottom portion of the CMMS 5 form also confirming that he has stamped the official Health Certificate and that he has issued a Non-Comminglement Certificate.

The completed CMMS 5 form should then be forwarded to NBAS Division, Administration Building, Backweston Campus, Backweston, Cellbridge, Co Kildare- to enable recording of the movement. A carbon copy of the form will be provided for the Show Secretary, the official vet and the herd keeper of the animal(s). CMMS 5 forms are available from local District Veterinary Offices (DVOs) or the Cattle Movement Notification Agency, Clonakilty, Co Cork

DEPARTMENT OF AGRICULTURAL & FOOD
SPECIFIC REQUIREMENTS – SHEEP

Identification

All sheep must be identified individually with appropriate ear tags issued in accordance with the requirements of the National Sheep Identification System. (NSIS).

Movement Documentation

All consignments of sheep being moved must be accompanied by a completed dispatch document. Individual details of each sheep in the consignment must be recorded on the document. Sheep from non restricted flocks only can only be moved to shows. In the case of flocks restricted following diagnosis of scrapie. Sheep possessing the ARR/ARR genotype only may be exhibited. The movement of these ARR/ARR genotype sheep must be accompanied by the relevant movement permit (SCR/10), which can be obtained from the local District Veterinary Office in the county where the flock is located.

Flock Register

All movements of sheep to and from shows must be recorded in the keepers flock register.

Exports to Northern Ireland All sheep must be accompanied by a TRACES intra trade certificate for ovine animals. A TRACES message corresponding with the TRACES certificate, will be sent for each animal or consignment being dispatched to the show (this will be performed by Department officials of the DVO). Exhibitors are advised to contact the show society in Northern Ireland well in advance of any show to determine the suitability of the show for return of animals (e.g. premises and sheep status), and whether the authorities will have officials and veterinary staff present to supervise and process documentation for animals returning to origin.

Agreement for the movement and immediate return of sheep to another country or visa versa currently applies for movements between Ireland and Northern Ireland only – it does not apply for movements to Great Britain or further afield. Movement to shows other than Northern Ireland, will be dealt with on a case - by - case basis and you should contact your local District Veterinary Office at least one month prior to the show.

Attendance of sheep from scrapie monitored flocks at shows and sales in 2011.

Sheep from Scrapie Monitored Flocks will be permitted to attend Agricultural Shows taking place between 1st May and 31st October, without restriction or separation from other categories of sheep.

Shows outside of the 1st May and 31st October period

For shows taking place before the 1st May and after 31st October, sheep from scrapie monitored Probationary Flocks must be separated from other sheep as set down below.
